

Hello Bull City Athletics Families,

Thank you for your patience as we have been working hard to get our summer camp ready! We realize that you may have some questions regarding how Bull City Athletics is going to operate summer camp safely this year. Please know that your family's health and safety is our top priority while we get back to camp!

Here is what to expect from our summer camps this year.

Capacities

Due to smaller ratios and capacity limitations, we have a limited number of 3-hour, 6-hour and 9-hour blocks each week. Once those fill up, we will begin a waiting list. This capacity is about 1/3 of what our typical summer camp weeks have been in previous summers.

Group Sizes and Protocols

Our summer camp groups will be groups of 6 campers. This group will be made up of 1 coach per 3-hour block and they will have no more than 2 coaches per day. Your child's group of 6 will not mingle with any other groups. This will help to limit the risk of virus exposure should a camper test positive.

Cleaning & Sanitization

Upon arrival, campers will be asked to wash their hands for 20 seconds each day. We will be cleaning any materials (balls, mats, craft supplies, etc.) between groups. Campers will wash hands or sanitize several times per day. Bull City Athletics will staff several floater staff members whose main responsibility is cleaning/sanitizing larger areas of activity between groups like our gymnastics areas, bathrooms, lunch areas, etc.

Wellness Checks and Positive Test Policy

Under the new guidelines, we will be screening each camper and coach upon arrival to camp each day. Campers may return to camp after they have been fever free without the use of medication for 24 hours. We do not credit for sickness as we have limited capacities and are staffed for small groups with tight ratios.

If we have a positive Covid exposure in camp, we will notify all campers within the exposed group. Since we should not have any close contact between other groups at camp, this exposure should be limited to a group of 6. Those who have had close contact to a positive result will be asked to self isolate for 14 days. If that happens, we will credit back to your account for missed days of camp.

Fun, Fun, Fun!

We obviously will not be able to do all of our planned activities, but our staff is hard at work putting together new and fun activities, games, and crafts. Campers will also be allowed to use our ninja warrior course this year as well as our dance and martial arts rooms and gymnastics stations!

We certainly are looking at a different camp this year, but we know that it's important that we make the best decisions we can to keep our community healthy.

Thank you for your trust in us.
